### SUMMARY

This report sets out the proposed changes to the capital programme for 2017/18 in order to enable the necessary budget allocations to be made during the financial year.

## **RECOMMENDATION**

Cabinet is asked to recommend to Council the following amendments to the capital programme:

Disabled Facilities Grant – increase to £733,770 for 2017/18  
St Peter's Hill development – increase to £5.7M

### **1. BACKGROUND TO REPORT;**

- 1.1 The capital programme was approved by Council at its meeting on 2<sup>nd</sup> March 2017 and it was subsequently amended by Council on 15<sup>th</sup> June 2017 to include the capital allocations to facilitate the 'Big Clean' initiative.
- 1.2 On 28<sup>th</sup> June 2017, the Council received a grant allocation of £733,770 from Lincolnshire County Council in respect to the District Council's entitlement of Government funding of Disabled Facilities Grant (DFG). This amount is a significant increase on previous year's allocations and is provided as part of the Government's Better Care Fund which is focussed at providing more joined up and customer focused services in order to reduce hospital and care admissions and enable people to return from hospital more quickly.
- 1.3 The details of the Council's response to the increased funding were detailed in a report to Communities and Wellbeing Overview and Scrutiny Committee on 5<sup>th</sup> September which set out options in respect of a policy to distribute the funding within agreed criteria. This is also considered as a separate item on this agenda.
- 1.4 The second amendment to the capital programme is in respect of the St Peter's Hill development project (which is also the subject of a separate agenda report elsewhere on the agenda).
- 1.5 Following negotiation of the heads of terms with the preferred cinema provider and preliminary works on site, a further budget requirement of £1.17M has been identified. Therefore a revised budget of £5.7M is required in order to deliver the ambitions of the project.
- 1.6 **Financing Proposals**
- 1.7 With respect to the proposed amendments, the increase in the DFG allocation will be wholly met from Government grant and it is recommended that the associated cost of administration will be directly funded from the grant.
- 1.8 It is proposed to finance the additional budget of £1.17M for the St Peters Hill project for 2017/18 from the specific St Peter's Hill reserve which has been replenished from available capital reserves and the local priorities reserve. The full details of the capital programme, financing statement and reserves statement are provided at appendix A
