It is proposed that the polling station for polling district GAA1 be relocated to Poplar Farm School, Helmsley Road, Grantham. The proposed room at the school has direct access from the front of the building ensuring minimal disruption to the school. Confirmation has been received that the school intends to remain open on polling day. This venue will be the location for 2 polling stations for two Wards – Grantham Arnoldfield and Grantham Barrowby Gate.

Grantham Barrowby Gate Ward

Consultation feedback		None			
Constituency	Polling	Parish	Polling station	Current Polling Place	Proposal

	District		electorate		
Grantham & Stamford	GBA1	N/A	2164 (proposal to transfer approx. 400 electors to GBB1 – proposed total for this polling district : 1764)	Previous polling place: Newton House Care Home, 148 Barrowby Road	Poplar Farm School, Helmsley Road
	GBB1	N/A	1035 (proposal to transfer approx. 400 electors from GBA1 – proposed total for this polling district : 1435)	South Kesteven Table Tennis Centre, The Meres Leisure Centre	No change to polling place

NOTE:

Polling place for GBA1: Following the County Council elections held in May 2017, Newton House Care Home became available and an alternative venue was found at short notice for the 2017 General Election. A portable building was sited on the carpark of the Muddle Go Nowhere public house (now known as the Miller & Carter). It is proposed that the polling station for polling district GBA1 be relocated to Poplar Farm School, Helmsley Road, Grantham. The proposed room at the school has direct access from the front of the building ensuring minimal disruption to the school and confirmation has been received that the school intends to remain open on polling day. This venue will be the location for 2 polling stations – for the Grantham Arnoldfield and Grantham Barrowby Gate wardWards.

Proposed revised boundary between polling districts GBA1 and GBB1 – the proposal includes the revision of the boundary between the two polling districts to transfer 2 small areas from GBA1 to GBB1 as shown on **Map 1 of Appendix 2**. This would involve approximately 400 electors registered in Barrowby Gate, Bradford Close, Durham Close, Wakefield Close, York Way, Coles Way, Neals Crescent and Lamplight Square. This proposal would reduce the number of potential voters at the Poplar Farm School by approximately 400 and relocate these to the Table Tennis Centre. In addition, this proposal would enable the whole of Coles Way to be contained within one polling district.

Grantham Earlesfield Ward

Grantham Springfield Ward

Consultation feedback		<p>Councillor Adam Stokes, District Ward Member – Suggested car park at the Farrier or the Squash Club as possible alternative locations to Walton Girls' High School.</p> <p>Councillor Nikki Manterfield, District Ward Member – Suggested the Bethesda Evangelical Church opposite Walton Girls' School as a possible alternative</p>			
Constituency	Polling District	Parish	Polling station electorate	Current Polling Place	Proposal
Grantham & Stamford	GSA1	N/A	1044	Huntingtower Primary Academy, Extended Provision Building, Huntingtower Road	No change
	GSB1	N/A	1426		
	GSC1	N/A	739	Walton Girls' High School, Kitty Briggs Lane, Grantham	No change

NOTE:

Polling district GSC1 - The room provided at Walton Girls' High School has a stepped entrance causing potential difficulty to some voters. Due to fencing around the school which must remain locked during school hours there are no other rooms available on the site. Any voters who are unable to gain access to the polling station can be accompanied by school staff to an alternative disabled access or alternatively polling staff can take a ballot paper to a voter to vote in private outside (a temporary polling booth will be provided in these circumstances to maintain secrecy). A wall outside the polling station and the entrance door makes provision of a ramp at this entrance difficult. Alternative venues in the area have been investigated including The Farrier, Squash Club and Bethesda Evangelical Church, all of which either do not have suitable provision or are not available. No alternative venue is available in the polling district. The school is centrally located in the polling district and convenient for voters. **No change to polling place proposed.**

Because of building works to the Council's offices and civic suite, the Newton Room at the Guildhall Arts Centre has been considered as an alternative venue. At the June 2017 General Election a portable building was sited in the pub car park. For the Stamford St John's Ward by-election held in March 2018, the polling station was located at the Stamford Rugby Club. During the consultation, concern was raised that the Rugby Club would be rebuilt in the near future and may not be available. Confirmation has since been received that the current premises will continue to be available for the 2019 elections and until such a time as a replacement is built. The Rugby Club offers good facilities and it is proposed that the polling station be relocated to the Rugby Club for future elections.</p>					

Stamford St. George's Ward					
Consultation feedback		Councillor Brenda Sumner, District Ward Member – Requested that consideration be given to electors living at the bottom of Recreation Road being able to vote at a more convenient polling station instead of the current polling station at the bottom of Drift Road.

	SGC1		1364 (proposal to transfer approx. 274 electors to SGB1 – proposed total for this polling district: 1090)	Edmonds Close Communal Room	
<p>NOTE: A response received during the consultation period requested that consideration be given to voters in Recreation Ground Road being able to vote at a more convenient polling station. To address this, the proposal amends the internal polling district boundaries to relocate parts of polling districts SGA1 and SGC1 (as shown at Map 2 in Appendix 2). This would involve a change of polling station for approximately 461 electors registered in this area. The proposal would allow 187 electors who currently vote at Stamford Free Church and 274 electors who currently vote at Edmonds Close Communal Room, to vote at Essex Road Communal Room, which is located closer than their current polling place.</p>

A suitable alternative might be the bridge club or bowling club which are very nearby. (See note below relating to the Rugby Club)</p>			
Constituency	Polling District	Parish	Polling station electorate	Current Polling Place	Proposal

The Rugby Club offers good facilities and it is proposed that the polling station be relocated to the Rugby Club for future elections.

Stamford St. Mary's Ward

Consultation feedback		<p>Councillor Matthew Lee, District Ward Member – Suggested that a new polling station should be found for the parts of Stamford on the south side of the river, St. Martin's Church was suggested as it is central to that part of the built up area and it is accessible to wheelchair users via the Park Lane entrance and has stepped access from High Street St. Martin's. He added that while other buildings are available in the area, they are commercial and rental would be extremely high, so the Church is the preference.</p>			
Constituency	Polling District	Parish	Polling station electorate	Current Polling Place	Proposal
Grantham & Stamford	SMA1	Stamford (current 'St. Mary's' Parish Ward)	607	Stamford Arts Centre, 27 St Mary's Street, Stamford	No change (see note below)
	SMB1		1268 (Proposed transfer of 406 electors to new polling district SME1, revised total : 862)	Stamford Arts Centre, 27 St Mary's Street, Stamford	
	SMC1		840	Clare Close Communal Room, Clare Close, Stamford	
	SMD1		272	Stamford Arts Centre, 27 St Mary's Street, Stamford	
	SME1 – proposed new polling district		406	Stamford Arts Centre, 27 St Mary's Street, Stamford – see note below	

NOTE:

St Martin's Church has been considered as an additional venue for voters resident in the area south of the river; these voters currently vote at the Stamford Arts Centre, St Mary's Street, Stamford. The Burghley Chapel, accessed from the rear of the church was identified as the possible polling station location. Although the Burghley Chapel has direct level access and level footpaths leading to the entrance, the width of the access door when open was found to be less than the recommended minimum for accommodating wheelchairs and motorised wheelchairs; In addition it was identified that voters arriving at the High Street St Martin's entrance who were unable to access via the steps would need to travel a considerable distance via Barnack Road and Park Lane to the Chapel entrance.

A room at The George Hotel Business Centre has also been considered as an alternative venue however the costs associated with the hire were prohibitive.

The provision of an additional polling station in the Stamford St Mary's Ward will continue to be explored. To facilitate a future additional polling station in this area, a revision of the polling district boundaries is necessary to create a separate polling district for the area side south of the river. It is proposed that a new polling district SME1 be created for the area south side of the river currently included in polling district SMB1.

It is proposed that the polling station for this area remain at the Stamford Arts Centre at the present time and that the provision of an additional polling station in this part of the Ward be further explored and implemented if a suitable venue is found.

Viking Ward

Consultation feedback

Councillor Paul Wood, District Ward Member - supports moving the Polling Station to the Village Hall in Claypole. Reports of previous difficulties regarding access through the kissing gate at the existing location at the school. This move to the village hall would be a more central location and with a temp ramp would be fully accessible.

County Councillor Alexander Maughan for Hough Division – Supports the change to the Claypole polling station from the school to the village hall.

Claypole Parish Council – Claypole Parish Council supports the polling station being relocated to the village hall mainly due to it being central to the village and with better facilities.

Marianne Overton, Lincolnshire Independents – The party supports moving the Polling Station to the Village Hall in Claypole. Previous difficulties have been reported regarding access through the kissing gate at the existing location at the school. This move to the village hall would be a more central location and with a temporary ramp would be fully accessible.

Ian Fytche, Acting Returning Officer for Sleaford and North Hykeham constituency - For the Viking Ward, proposes that the polling station should be relocated to the Claypole Village Hall, as it is centrally located and avoids any impact upon the School.

--	--	------------------------------------	--	---------------------	--

NOTE:

Polling district VKA2 (Claypole parish) - *The gated entrance to the school hall currently used as the polling station has potential access issues. The Claypole Village Hall has been considered as a possible alternative. The Village Hall offers good facilities and a large car park. Although the main entrance has steps, an alternative entrance is available with a temporary ramp. It is proposed that the polling station be relocated to the Claypole Village Hall.*

Additional responses received:

South Lincs Green Party: Nothing further to add to the draft proposals

Ian Fytche, Acting Returning Officer for the Sleaford and North Hykeham Constituency: Supports all proposals relating to the Sleaford and North Hykeham Constituency and proposes that the polling station should be relocated to the Claypole Village Hall, as it is centrally located and avoids any impact upon the School.
