

Appendix A – Mapping of Corporate Risks to Strategic Risks

Through mapping Corporate Risks with Strategic Risks it can be demonstrated where there is a high correlation between the two. The table below highlights where the existing Corporate Risks will reside as part of the cause or driver of the newly formed Strategic Risks. Corporate Risks 1, 2 and 5 are specifically considered as part of the Council’s Annual Assurance Statement exercise with Heads of Service.

Correlation between Corporate Risks and proposed Strategic Risks	Existing corporate risks				
	1. Maintaining an effective internal control environment (able to mitigate against material failure)	2. Ensuring ongoing resilience and quality in third parties ie partners, major providers, suppliers etc	3. Achieving future financial resilience	4. Building a suitable level of capacity, skills and culture within the Council workforce to achieve the change expected, whilst also still delivering business as usual	5. Ensuring robust security measures to protect the Council’s data and assets from cyber threats
Enabling community transformation		High		High	
Achieving Council transformation	High	High	High	High	High
Efficient and effective internal control/compliance	High	High		High	High
Ensuring financial resilience	High		High		High
Creating the right culture, capacity and capability	High			High	
Ability to be agile and shift focus in response to policy and national political change	High		High	High
