1. INTRODUCTION

This matter originally came before the Committee on the 2 June 2006 when approval was sought to publish and consult on the draft Statement of Principles in respect of the Council's legislative responsibilities of the Gambling Act 2006.

The draft statement was adopted by the Committee then produced and it was widely circulated for public consultation on 5 June.

The required three months period for consultation will be completed on the 4 September 2006. The statement can then go for Cabinet consideration, with recommendation to go to full Council for adoption. A summary of the result of the consultation is shown as Appendix 1.

Due to the tight timescales involved for the Committee dates and the end of the consultation, a verbal update will be provided in addition to this report, if necessary.

2. RECOMMENDATIONS

That following the consultation exercise, the Committee endorses the draft statement of principles as "The Statement of Principles" for Cabinet approval.

3. DETAILS OF REPORT

The Act is due to take effect on 1 February 2007.

Section 2 of the Act defines the Council as the licensing authority.

Section 349 of the Act requires the licensing authority to consult on, publish and adopt a three year Statement of Principles for the area, which may be subject to periodic revision. Guidance to the Act requires a period of three months public consultation before adopting a Statement of Principles, which must be in place before 1 January 2007. The guidance only requires the licensing authority to "consult widely".

The period for consultation began on the 5 June 2006 and will end on 4 September 2006. The basis for the consultation was very similar to that carried out under the Licensing Act 2003. Over 600 letters have been sent to a wide range of interested parties, both local and national, such as businesses, community and residents groups. Groups likely to show concerns with the social effects of the Act were also contacted. Those letters were intended to inform all involved of the consultation exercise and that a copy of the Statement was available on the Council's website. Individual copies of the document were sent out on request. The relevant responsible authorities were sent their own personalised letters and copies of the draft Statement.

Other means of promoting the consultation exercise included a press release, copies of the document sent to the council's area offices and public libraries in the district. The Statement was also promoted at the two district Licensing Forums held in July. Despite the degree of effort to raise awareness, all of these methods received very limited response.

The draft Statement has also been peer assessed by colleagues from the County Licensing Group and LACORS.

The Statement has now passed through the scrutiny stage and was discussed by the Economic Scrutiny Group.

To date there have been a total of 13 responses, of which only eight were formal replies. These are shown in the Summary of Results which is attached as Appendix 1, together with an appraisal and any necessary amendment to the Statement. There have been seven requests for hard copies of the Statement.

To allow for the tight timescales involved in committee dates and for the closure of the consultation period, a verbal update of any late responses will be provided.

Following the completion of the consultation process and subject to the Committee's approval, the Statement of Principles can be then move to the Cabinet stage. Having reached that stage, the Statement will go before full Council for adoption on the 26 October 2006.

4. OTHER OPTIONS CONSIDERED AND ASSESSED

The Act requires the Council, following consultation, to produce a Statement of Principles under the Gambling Act and is subject to legislative time limits. The consultation has been completed following the relevant guidance. There are no other options.

5. COMMENTS OF SECTION 151 OFFICER

Comments to be provided at the meeting.

6. COMMENTS OF MONITORING OFFICER

Comments to be provided at the meeting.

7. COMMENTS OF OTHER RELEVANT SERVICE MANAGER

Subject to the approval of the Committee, the draft Statement will be the "Statement of Principles", move to the cabinet stage and, subject to their recommendation, go before the full Council on 26 October 2006 for adoption.

8. CONCLUSION/SUMMARY

Every effort has been made to comply with the legislation and consult with as many affected parties as possible. A list of those with whom consulted and their responses will be retained and will be available as required. The draft Statement of Principles will be passed to the Council for adoption.
