- Comments made by Members at the meeting

An in-depth discussion took place on highway safety due to the current central reservation gap, the short slip road, the queuing of HGVs on the A1 to enter the current site. Also debated were the concerns raised by six parish councils regarding highway safety issues, the access and increase of journey times to villages and the impact on local businesses and amenities should

the gap be closed, the potential increased pressure on the Long Bennington junction and the decrease in the number of HGV points and parking on site should the application be approved. Further discussion also took place on Vehicle Restraint Systems (VRS), the proposals from Highways England and Lincolnshire County Council to mitigate safety concerns regarding the central reservation, the proposed public consultation by Highways England, lighting and drainage and the impact of surface water and how this would be alleviated.

In considering these concerns, Members queried whether condition 7 as set out in the case officer's report, which related to the implementation of the mitigation scheme for the A1/Toll Bar Road Junction, could be changed to a pre-commencement condition. Officers confirmed that it could.

It was proposed, seconded and agreed that the application be approved for the summary of reasons set out in the case officer's report together with the following conditions:

Time Limit for Commencement

- 1 The development hereby permitted shall be commenced before the expiration of three years from the date of this permission.

Approved Plans

- 2 The development hereby permitted shall be carried out in accordance with the following list of approved plans:
 - i. Location Plan drawing no. WPS-MFG-104-P-01B
 - ii. Proposed Site Plan drawing no. WPS-MFG-104-P-04P
 - iii. Swept Paths drawing no. WPS-MFG-104-P-10B
 - iv. Proposed Site Elevations drawing no. WPS-MFG-104-P-05B
 - v. Proposed Building Plan drawing no. WPS-MFG-104-P-06
 - vi. Proposed Building Elevations drawing no. WPS-MFG-104-P-07A
 - vii. A1/ Toll Bar Road Right-hand turn closure drawing no. DWT177 SK01

Unless otherwise required by another condition of this permission.

Before the Development is Commenced

- 3 No part of the development hereby permitted shall commence until details of all surface water drainage matters have been submitted to and approved in writing by the Local Planning Authority in consultation with Highways England and Lincolnshire County Council (as Lead Local Flood Authority). The development shall be carried out in accordance with the approved scheme.

The applicant should note that in accordance with paragraph 50 of Circular 02/2013, no water run-off that may arise due to any change of use will be accepted into the highway drainage systems, and there shall be no new connections into those systems from third party development and drainage systems.

- 4 No development shall commence on site until works to improve the public highway (by means of narrowing the southern access point) have been certified complete by the Local Planning Authority.
- 5 No part of the development hereby permitted shall be commenced until the proposed mitigation scheme at the A1 / Toll Bar Road junction shown in drawing ref. DWT177 SK01 (or as amended by a Road Safety Audit or Detailed Design) is implemented and open to traffic. The approved scheme must comply with the requirements of the Design Manual for Roads and Bridges, including those relating to road safety audit and Walking, Cycling, Horse-Riding Assessment and Review.

Before the Development is Occupied

- 6 No part of the development hereby permitted shall be occupied until the proposed drive-through lane to the northwest of the site and the HGV pump and island has been removed as shown in drawing ref. WPS-MFG-104-P-04 rev. P (or as amended by a Road Safety Audit or Detailed Design) is implemented and open to traffic. The approved scheme must comply with the requirements of the Design Manual for Roads and Bridges.
- 7 Before any part of the development hereby permitted is occupied/brought into use, the building (including external elevations), hard and soft landscaping and lighting shall be completed in full accordance with the details shown on the approved plans.
- 8 Notwithstanding the submitted details, no part of the development hereby permitted shall be brought into use until details of the lighting strategy adjacent to the A1 Trunk Road boundary have been submitted to and approved in writing by the Local Planning Authority in consultation with Highways England. The lighting strategy shall thereafter be implemented in accordance with the approved details.
- 9 The development must be carried out in accordance with the recommendations in the Icen Ecology Ltd Preliminary Ecological Appraisal received 23 April 2019.

Ongoing Conditions

- 10 Within a period of five years from the first occupation of the final dwelling/unit of the development hereby permitted, any trees or plants provided as part of the approved soft landscaping scheme, that die or become, in the opinion of the Local Planning Authority, seriously damaged or defective, shall be replaced in the first planting season following any such loss with a specimen of the same size and species as was approved in condition above unless otherwise agreed by the Local Planning Authority.

Councillor Louise Clack left the meeting at 11:53 and took no part in the vote.

The meeting adjourned at 12:21 and reconvened at 12:33.

97. Application S19/1124

Proposal: Alterations to single-storey and two-storey extensions to existing care home, erection of two storey building of self-contained apartments.

Location: Chevington House, 36 North Road, Bourne, PE10 9AS

Decision: To refuse the application

Noting comments made during the public speaking session by:

District Councillor Councillor Helen Crawford

Together with:

- An objection from Bourne Town Council
- An objection from Bourne Civic Society
- Comments from the SKDC Historic Buildings Advisor
- Comments from the SKDC Arboricultural Consultant
- No comments to make by Lincolnshire County Council Education and Cultural Services
- Comments from the SKDC Affordable Housing Officer
- A request for Section 106 funding from HNS England
- Comments from Anglian Water Services
- Representations received as a result of public consultation
- Provisions within the National Planning Policy Framework, the South Kesteven Local Plan and supplementary planning documents
- Site visit observations
- The additional information report published on 3 August 2020 and officer comment thereon
- Comments made by Members at the meeting

It was proposed, seconded and agreed that the application be refused for the following reasons:

- 1 The proposed development, by virtue of its scale and density, would constitute an overdevelopment of the site resulting in a cramped environment which would be out of keeping with the character of the area and harmful to visual amenity. The proposed development would therefore be contrary to policy DE1 of the South Kesteven Local Plan and to NPPF section 12.
- 2 The proposed development would cause harm to protected trees within a Conservation Area and the design of the scheme does not consider how these could be appropriately retained and incorporated into the layout. The proposed development would therefore be contrary to South Kesteven Local Plan policies DE1 and EN6 and to NPPF sections 12 and 16.
- 3 The proposed development, by virtue of its design, scale and position, would be harmful to the character and appearance of the Bourne Conservation Area. The public benefits associated with the development are not considered to outweigh this identified harm. The proposed development would therefore be contrary to South Kesteven Local Plan Policy EN6 and to NPPF Section 16.
- 4 By virtue of its scale, massing and proximity to the boundary with the garden belonging to number 34a, the proposal would have an overbearing appearance, harming the residential amenity afforded to this neighbouring dwelling. The proposed development would therefore be contrary to South Kesteven Local Plan policy DE1 and to section 12 of the NPPF.

13:02 – As the meeting had been in progress for 3 hours, the Chairman asked for Members’ consent to continue. Members agreed.
