Decisions Cabinet may make

Cabinet Members may make decisions as “the Cabinet” in public meetings. Individual Cabinet Members may also make decisions that are relevant to their own remits

At its meetings, the Cabinet may make key decisions and non-key decisions. It may also make recommendations to Council on matters relating to the Council’s budget or its policy framework.

Key and Non-Key Decisions

A key decision is a Cabinet decision that is likely:

1. To result in the District Council incurring expenditure which is, or the making of savings which are, significant having regard to the District Council’s budget for the service or function to which the decision relates; or
2. To be significant in terms of its effects on communities that live or work in an area comprising two or more wards.

A non-key decision is one that is not a key decision.
