Percentage of Rent Collected Against Target (Previous Years)

£18,419,606 End of Quarter Target	£18,374,686 End of Quarter Collected	99.76% EOQ Position
---	--	-------------------------------

Commentary/Implications

Despite the ongoing difficulties of the pandemic we continue to receive a consistent level of income.

As at 31 December 2020, collection is below target by just £44k.

Arrears have reduced (although it is recognised that this is due to the effect of the rent free weeks).
