

Summary of Responses from re consult June 2022

Representation	Comments	Officer Response
Mr & Mrs Middleton	<b>Support</b> overall all but disagrees that Donington Road should be included in the CA especially open spaces. Feel process should be more transparent	Noted. However, Donington Road retains sufficient character to warrant inclusion in a Conservation Area. In addition these open spaces are vestiges of open fenland fields which chart the development of the village
D J Ward	<b>Objects</b> to designation of Horbling as CA. Believes the village is well kept as it is. Believes residents will not benefit from this re additional controls and admin	Noted. There is sufficient character and historic quality to warrant designation
Kristian Grimwood	<b>Support</b> overall agreement with boundaries but Donnington Road should be omitted.	Noted. However Donington Road retains sufficient character to warrant inclusion in a Conservation Area
James Casswell	<b>Support</b> overall but feels Donnington Road should be omitted	Noted. However Donington Road retains sufficient character to warrant inclusion in a Conservation Area
Gary and Karen Davis	<b>Objects.</b> Does not agree with designation due to modern developments and overall condition of the buildings especially those publicly owned. Queries value of street furniture being a contributor to character of CA	Noted. However the overall character is worthy of designation.
Yvette Bennett	<b>Support</b> but would like Donnington Road omitted due to it modern development.	Noted. However Donington Road retains sufficient character to warrant inclusion in a Conservation Area
Paul Jackson	<b>Support.</b> Has made some positive comments that have been incorporated in revised draft	Noted
Nicholas and Elizabeth Coy	<b>Supports.</b> but do not support most of the houses and the open spaces on Donington Road being included.	Noted. However, Donington Road retains sufficient character to warrant inclusion in a Conservation Area.

		In addition these open spaces are vestiges of open fenland fields which chart the development of the village
