If you haven't consulted yet and are intending to do so, please complete the consultation table below.	<p>Consultation regarding the increase to Council Tax will take place during the period 19 January – 2 February 2024 where residents of South Kesteven will have the opportunity to provide their views regarding the proposed increase to Council Tax. Cabinet will consider feedback from the consultation in their meeting on 6 February 2024.</p> <p>Rent increase policy is set by government.</p>
5. What are the arrangements for monitoring and reviewing the actual impact of the policy/funding activity/event?	<p>It is not possible to assess the impact of the Council Tax increase on individual households within South Kesteven but the local Council Tax support scheme will mitigate the impact of increases to eligible customers. The full impact will not be mitigated for customers who are not eligible for 100% support. The Council Tax support scheme provides up to 80% support for working age claimants and 100% support for pension age claimants.</p> <p>There will be a negative impact on people who have low incomes that do not qualify for Council Tax Support.</p> <p>With regards to rent setting the Council is following Government guidance. The actual rent is calculated on a property by property basis so it is not possible to provide a specific comment as each impact will vary on an individual basis.</p> <p>Increases will be mitigated for those tenants in receipt of Housing Benefit and Universal Credit but there is a potential for a negative impact for tenants on low incomes who are not eligible for benefits. ## Evaluation Decision

Once consultation and practicable and proportionate mitigation has been put in place, the responsible officer should evaluate whether any negative impact remains and, if so, provide justification for any decision to proceed.

Question	Explanation / justification	
Is it possible the proposed policy or activity or change in policy or activity could discriminate or unfairly disadvantage people?		
Final Decision	Tick	Include any explanation/justification required
1. <b>No barriers</b> identified, therefore activity will proceed		

2. <b>Stop</b> the policy or practice because the data shows bias towards one or more groups		
3. <b>Adapt or change</b> the policy in a way that will eliminate the bias		
4. <b>Barriers and impact identified</b> , however having considered all available options carefully, there appear to be no other proportionate ways to achieve the aim of the policy or practice (e.g. in extreme cases or where positive action is taken). Therefore you are going to <b>proceed with caution</b> with this policy or practice knowing that it may favour some people less than others, providing justification for this decision
