1 The Purpose of the Report

- 1.1 Through officer delegation, to approve UKSPF projects under the value of £5,000. Appendix 1 identifies a total of three projects, which combined have a value of £11,704.55.
- 1.2 To note the UKSPF Programme Monitoring and Evaluation framework which, in accordance with MHCLG funding conditions, establishes the requirements on the Authority to deliver robust Value for Money and compliance with regulations regarding the use of public monies. At a delivery level this consists of requiring all projects to adhere to CPR 2015 for all expenditure and to provide evidence at the request of the Authority. Monitoring of outputs & outcomes is captured via an initial baseline assessment upon application and 'Project Completion Reports' submitted by fund beneficiaries upon delivery of their project(s). A review of all projects to date is currently being scoped in preparation for project closure in March 2025.

2 Available Options Considered

- 2.1 There are no other options as the grants provided by DLUHC are aligned to the SK Investment Plan, which enables South Kesteven District Council to draw down funds which support local projects that deliver outputs/outcomes against the Investment Plan.

3 Preferred Option

- 3.1 To approve the two projects identified in Appendix 1.

4 Financial Implications

- 4.1 The recommendations for the grant awards have been undertaken in accordance with the grant allocations and agreed criteria.

Financial Implications reviewed by: Richard Wyles, Deputy Chief Executive and S151 Officer

5 Legal and Governance Implications

- 5.1 The Deputy Chief Executive has the necessary delegated authority to take this decision.

Legal Implications reviewed by: Graham Watts, Monitoring Officer

6 Equality and Safeguarding implications

- 7.1 There are no equality or safeguarding implications associated with this report.

7 How will the recommendations support South Kesteven District Council's declaration of a climate emergency?

- 8.1 The UKSPF programmes have a focus on carbon reduction and climate change. Applications will be considered that make contributions to the move towards Net Zero.

8 Appendices

- 9.1 Appendix 1, list of endorsed projects
