**Representation:**

In relation to this application the following guidance issued under **Section 182 of the Licensing Act 2003** has been considered:

Section 2 – The Licensing objectives

Crime and disorder

Section 2.1, Licensing authorities should look to the police as the main source of advice on crime and disorder.

Public Safety

Section 2.8, (which is in relation to premises licence holders is relevant) .... Licence holders have a responsibility to ensure the safety of those using their premises, as part of their duties under the 2003 Act.

Protection of children from harm

2.28 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.

2.29 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:

- adult entertainment is provided;
- a member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
- it is known that unaccompanied children have been allowed access;
- there is a known association with drug taking or dealing; or
- in some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises.

2.31 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.

2.32 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.

2.33 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include:

- restrictions on the hours when children may be present;
- restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place;
- restrictions on the parts of the premises to which children may have access;
- age restrictions (below 18);
- restrictions or exclusions when certain activities are taking place;
- requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and
- full exclusion of people under 18 from the premises when any licensable activities are taking place.

2.34 Please see also Chapter 10 for details about the Licensing Act 2003 (Mandatory Licensing Conditions) Order 2010.

2.35 Licensing authorities should give considerable weight to representations about child protection matters. In addition to the responsible authority whose functions relate directly to child protection, the Director of Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about the harms that alcohol can cause to underage drinkers. Where a responsible authority, or other person, presents evidence to the licensing authority linking specific premises with harms to children (such as ambulance data or emergency department attendances by persons under 18 years old with alcohol-related illnesses or injuries) this evidence should be considered, and the licensing authority should also consider what action is appropriate to ensure this licensing objective is effectively enforced. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, it is recommended that the licensing authority considers what conditions may be appropriate to ensure that this objective is promoted effectively.

Offences relating to the sale and supply of alcohol to children.

2.38 Licensing authorities are expected to maintain close contact with the police, young offenders' teams and trading standards officers (who can carry out test purchases under section 154 of the 2003 Act) about the extent of unlawful sales and consumption of alcohol by minors and to be involved in the development of any strategies to control or prevent these unlawful activities and to pursue prosecutions. Licensing authorities, alongside the police, are prosecuting authorities for the purposes of these offences, except for the offences under section 147A (persistently selling alcohol to children). Where, as a matter of policy, warnings are given to retailers prior to any decision to prosecute in respect of an offence, it is important that each of the enforcement arms should be aware of the warnings each of them has given.

## Section 9 – Determining applications

9.4 A representation is “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives. For example, a representation from a local businessperson about the commercial damage caused by competition from new licensed premises would not be relevant.....representations should relate to the impact of licensable activities carried on from premises on the objectives.

9.12 Each responsible authority will be an expert in their own field....for example the police have a key role in managing the night-time economy.....However, any responsible authority under the 2003 Act may make representations with regard to any of the licensing objectives if they have evidence to support such representations. Licensing Authorities must therefore consider all relevant representations from responsible authorities carefully, even where the reason for a

particular responsible authority's interest or expertise in the promotion of a particular objective may not be immediately apparent.

9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to: Revised Guidance issued under section 182 of the Licensing Act 2003 | 81

- the steps that are appropriate to promote the licensing objectives;
- the representations (including supporting information) presented by all the parties;
- this Guidance;
- its own statement of licensing policy

9.40 the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities.

9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

#### Section 10 – Conditions attached to premises licences

10.28 The 2003 Act does not require a designated premises supervisor or any other personal licence holder to be present on the premises at all times when alcohol is sold. However, the designated premises supervisor and the premises licence holder remain responsible for the premises at all times including compliance with the terms of the 2003 Act and conditions attached to the premises licence to promote the licensing objectives.

10.48 The designated premises supervisor (where there is one) must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy. This means that the DPS has personal responsibility for ensuring that staff are not only aware of, but are also applying, the age verification policy.

#### Section 11 – Relates to reviews (however the sections deemed relevant to this report are below)

Section 11.24 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises, money laundering by criminal gangs, the sale of contraband or stolen goods, the sale of firearms, or the sexual exploitation of children. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts. The licensing authority's role when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure the promotion of the crime prevention objective.

Section 11.26 The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives and the prevention of illegal working in the interests of the wider community and not those of the individual licence holder.

Section 11.27 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously....the illegal purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people

Section 11.28 It is envisaged that licensing authorities, the police, the Home Office (Immigration

Enforcement) and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and the licensing authority determines that the crime prevention objective is undermined through the premises being used to further crimes, it is expected that revocation of the licence – even in the first instance – should be seriously considered.

### **Crime and Disorder Act 1998 Section 17**

Duty to consider crime and disorder implications.

(1) Without prejudice to any other obligation imposed on it, it shall be the duty of each authority to which this section applies to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent,

- (a) crime and disorder in its area (including anti-social and other behaviour adversely affecting
  - the local environment); and
  - (b) the misuse of drugs, alcohol and other substances in its area, and
  - (c) re-offending in its area
- (2) This section applies to each of the following—
  - .a local authority .....

**South Kesteven District Council statement of licensing policy (2021 – 2026)** also raises the following points that are deemed relevant to this application:

#### **4. Licensing Objectives**

##### **General**

4.1 Each of the four licensing objectives is of equal importance. The Licensing Authority considers the effective and responsible management of the premises and the instruction, training and supervision of staff and the adoption of best practice to be amongst the most essential control measures for the achievement of the licensing objectives. For this reason, these elements should be specifically considered and addressed within an applicant's operating schedule.

##### **4.3 The Prevention of Crime and Disorder**

In accordance with the Guidance, Police views on matters relating to crime and disorder will be given considerable weight. There are many steps an applicant may make to prevent crime and disorder. The Licensing Authority will look to the Police for the main source of advice on these matters. (those relevant to this application are below)

- Training given to staff in crime prevention
- Measures agreed with the Police to reduce crime and disorder. The development of good relations with local police officers is beneficial in preventing incidents occurring on your premises. If customers become accustomed to police officers making frequent checks, problem behaviour can be discouraged. Additionally, records kept of any crime or disorder incidents and where sales of alcohol have been refused will help the police and local authority monitoring.

6.9 The sale of alcohol to children and young people under the relevant age is a criminal offence, often resulting in harm to the child or young person concerned, along with disturbance and nuisance to local residents and businesses. Applicants are required to detail adequate control measures in their operating schedules to prevent under age sales to children and young persons.

This representation is made to offer evidence in relation to the new premises licence application for 'Ramin Off Licence' 10 Wharf Road, Grantham NG31 SBA by a Mr Ramyar Salih.

The application proposes the premises licence holder (PLH) is Ramin Off Licence Limited (company no 16006801), for which Mr Salih is the sole director. He was appointed director when the company was incorporated on the 9<sup>th</sup> October 2024. The application proposes Mr Salih as the designated premises supervisor (DPS).

This is the second application Mr Salih has submitted for this same premises. Lincolnshire Police received the first on the 14<sup>th</sup> October 2024. In this application, Mr Salih requested to hold the position of PLH personally, along with the position of DPS. Mr Salih requested opening hours and the sale of alcohol for consumption off the premises between the hours of 09:00 and 22:00 each day.

Lincolnshire Police submitted a representation (*see appendix 1*) and a licencing hearing was held on the 6<sup>th</sup> December 2024. The arguments made for the licence being rejected included the fact that the premises had previously had its premises licence then named 'Max Off Licence' (licence number 34386) revoked when it was held in the name of another male, Mr Ahmen Noori Ahmen. The details of this are as follows.

In May 2023 Lincolnshire Police submitted a premises licence review based on the licensing objectives of the prevention of crime and disorder, public safety and the protection of children from harm being undermined. The review outlined two occasions where alcohol had been sold to children (an offence under s.146 Licensing Act 2003), and upon inspection, the premises was found in breach of numerous conditions set out in the premises licence (an offence under s.136 Licensing Act 2003) and selling alcohol without price markings (an offence contrary to s.4 of the Price Marking Order 2004).

A hearing was held on the 16<sup>th</sup> June 2023 and the committee made the decision to revoke the premise licence (*see appendix 2 for decision notice*). An appeal was lodged requesting the sub-committee consider overturning their original decision to revoke, however in October 2023 the committee decided to stand by their initial decision to revoke the premises licence. Whilst waiting for the appeal to be heard in court, during May 2024 the appellant withdrew their appeal, so the licence was no longer held.

The new premises licence application received on the 14<sup>th</sup> October 2024 made reference to Mr Salih being aware that the licence had previously been revoked, having no connection to the previous operation and the intention of running a 'much tighter operation'.

When the police began conducting background checks into Mr Salih, and they could not be satisfied that he was not connected to Mr Ahmen in anyway. During a meeting in person and subsequent contact via email, Mr Salih was unable to produce any documentation or evidence that there was a distinct separation of his and Mr Ahmen's businesses. In addition to this, Mr Salih was unable to provide any reassurance that he was a responsible and legitimate business owner. (*see appendix 3 - statement of Pc Braithwaite*).

Further to this, Mr Salih blatantly lied to police, claiming he had been a DPS for an off licence in Manchester in 2023, which was later disproved. (*see appendix 3 - statement of Pc Braithwaite*).

It was also of concern that during the meeting at the shop on the 4<sup>th</sup> November 2024, a large amount of drug equipment was for sale such as 'bongs' and 'pipes' used to smoke drugs, in addition to many bottles of 'Poppers' which contain a drug called Alkyl Nitrate used for inhaling for their intoxicating effects. Whilst having these products on sale may not break the law, it was highlighted the fact they were on sale would attract a certain type of customer and potentially draw in children. Mr Salih did not seem to understand this connection and simply said he didn't understand the issue because they were legal to sell. Given the history of the shop, the police felt extra caution that ought to have been applied.

Due to the history of this premises, the police wanted to make sure that the previous licence holder or any other unsuitable person, wasn't behind this new premise licence application, which can often be the case. Lincolnshire Police felt and still do, that given the premises poor history, and also the local issues in that particular area of Grantham town centre such as the selling of illegal vapes and cigarettes, and underage sales to children, we must be genuinely satisfied that premises will be run responsibly and legally. We did not feel that Mr Salih provided any assurances or evidence that this was the case.

The hearing on the 6<sup>th</sup> December 2024 was not attended by Mr Salih or a representative to provide any comments and a decision was made by the committee to reject the application (see *appendix 4 for hearing notes and decision*).

It was noted that the committee was not satisfied that Mr Salih was a responsible, trustworthy person. They were also concerned about his lack of experience of running a licensed premises, lack of understanding of the licensing objectives and knowledge of the roles and responsibilities that come with being a PLH and DPS, including required employer checks, business management and operating procedures. The committee concluded that they were not satisfied with Mr Salih's application and stated he had failed to successfully demonstrate that this application for a premises licence would not undermine any of the four licensing objectives.

Given the decision and strong comments made by the committee, it is a surprise that Mr Salih has once again applied for a new premises licence for the same premises less than 6 months later.

When comparing the new application to that received in October 2024, it is even more surprising that Mr Salih has now requested additional opening and alcohol hours (off sales) to that requested in October 2024. The previous application (see *appendix 5*) requested alcohol and opening hours between 0900-2200 each day. The new application requests alcohol and opening hours between 0700-2300 each day. These extended hours in themselves pose increase risk, and the closing time requested is even 1 hour later than that of the previous revoked licence (licence number 34386).

The new application provides little in the way of meaningful conditions. It makes vague statements regarding CCTV, staff training, having an incident book, and age verification, however the conditions are simply not comprehensive or robust enough to enforce. There is also no mention of a Challenge 25 policy, which is a condition now deemed standard practice for any licenced premises. This is particularly important given the premises poor history of selling alcohol to minors, which was one of the very reasons the licence was reviewed previously.

The fact the application received in October 2024 had far more extensive meaningful conditions that were more appropriate to this type of licenced premises, including the Challenge 25 policy, highlights Mr Salih's ignorance and lack of comprehension over what is actually expected of him as a responsible PLH.

In the new application, Mr Salih refers to maintaining good working relations with the police. It was highlighted in the previous police representation that Mr Salih failed to provide answers to questions asked around the business' tobacco trace and trace scheme and utility companies (see *appendix 3 - statement of Pc Braithwaite*). This suggested to the police he was trying to evade further checks being conducted on his business.

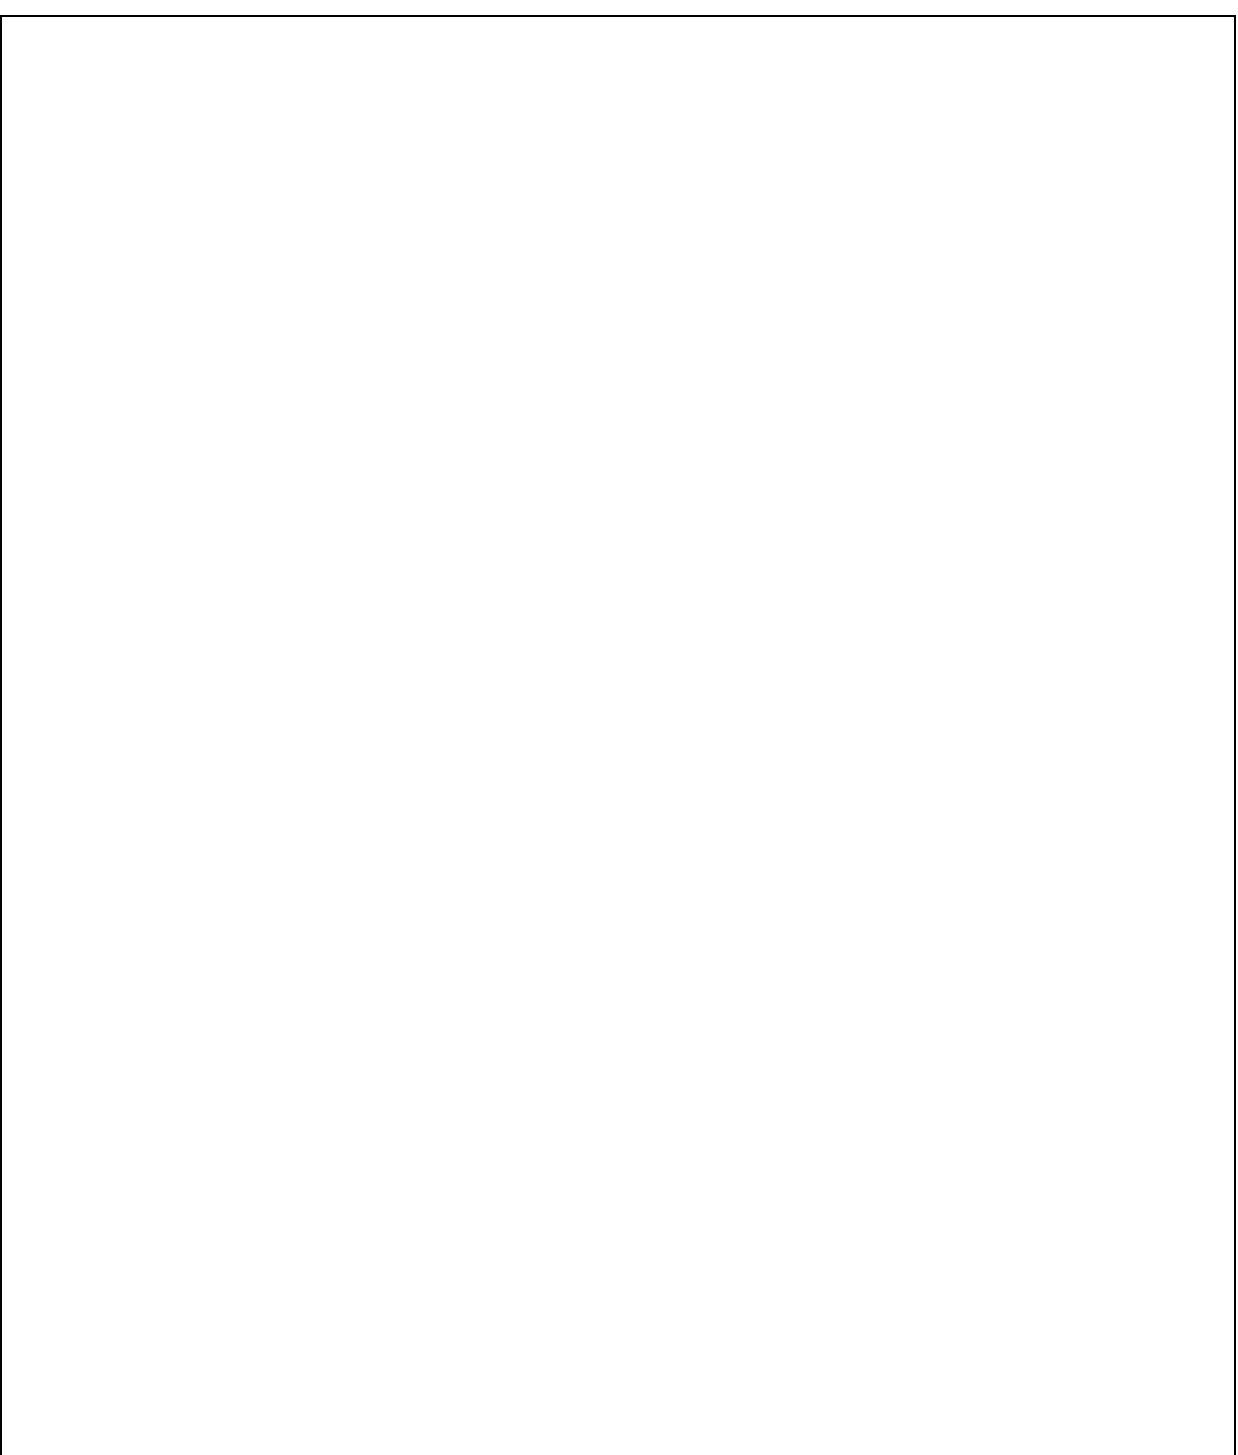

The police can confirm that Mr Salih has not made any contact with them at all since November 2024. If he was truly determined to work with the authorities, we would have expected contact in advance of any submission in order for him to gain trust and seek advice. After his previous application he would have known there was a need to prove himself as the genuine person behind this business, but he has not done so.

Worryingly, when police have requested details of the current Business Rate payer for 10 Wharf Road, Grantham, confirmation has been received on the 29<sup>th</sup> May 2025 that it is still Mr Ahmed who pays this bill. Further to this, police have been informed by the Business Rates Department that they have not received any information regarding a new person taking over. Mr Ahmed is still liable, and has been since 1<sup>st</sup> May 2020.

Lincolnshire Police's views on Mr Salih as a proposed licence holder have not changed since the last hearing, and we still cannot be confident that the previous PLH Mr Ahmed or any other person in fact, is not behind this new premise licence application.

Lincolnshire police strongly believe that if the premises licence is granted, the licensing objectives could be undermined.

Lincolnshire Police request that the committee seriously consider rejecting the premises licence application.

If possible, please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the **Licensing Objectives:**

Licensing Authorities must therefore consider all relevant representations from responsible authorities carefully, even where the reason for a

particular responsible authority's interest or expertise in the promotion of a particular objective may not be immediately apparent.

9.38 In determining the application with a view to promoting the licensing objectives in the overall interests of the local community, the licensing authority must give appropriate weight to: Revised Guidance issued under section 182 of the Licensing Act 2003 | 81

- the steps that are appropriate to promote the licensing objectives;
- the representations (including supporting information) presented by all the parties;
- this Guidance;
- its own statement of licensing policy

9.40 the licensing authority may refuse the application on the grounds that this is appropriate for the promotion of the licensing objectives. It may also refuse to specify a designated premises supervisor and/or only allow certain requested licensable activities.

9.42 Licensing authorities are best placed to determine what actions are appropriate for the promotion of the licensing objectives in their areas. All licensing determinations should be considered on a case-by-case basis. They should take into account any representations or objections that have been received from responsible authorities or other persons, and representations made by the applicant or premises user as the case may be.

9.43 The authority's determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.

#### Section 10 – Conditions attached to premises licences

10.28 The 2003 Act does not require a designated premises supervisor or any other personal licence holder to be present on the premises at all times when alcohol is sold. However, the designated premises supervisor and the premises licence holder remain responsible for the premises at all times including compliance with the terms of the 2003 Act and conditions attached to the premises licence to promote the licensing objectives.

10.48 The designated premises supervisor (where there is one) must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy. This means that the DPS has personal responsibility for ensuring that staff are not only aware of, but are also applying, the age verification policy.

#### Section 11 – Relates to reviews (however the sections deemed relevant to this report are below)

Section 11.24 A number of reviews may arise in connection with crime that is not directly connected with licensable activities. For example, reviews may arise because of drugs problems at the premises, money laundering by criminal gangs, the sale of contraband or stolen goods, the sale of firearms, or the sexual exploitation of children. Licensing authorities do not have the power to judge the criminality or otherwise of any issue. This is a matter for the courts. The licensing authority's role when determining such a review is not therefore to establish the guilt or innocence of any individual but to ensure the promotion of the crime prevention objective.

Section 11.26 The licensing authority's duty is to take steps with a view to the promotion of the licensing objectives and the prevention of illegal working in the interests of the wider community and not those of the individual licence holder.

Section 11.27 There is certain criminal activity that may arise in connection with licensed premises which should be treated particularly seriously....the illegal purchase and consumption of alcohol by minors which impacts on the health, educational attainment, employment prospects and propensity for crime of young people

Section 11.28 It is envisaged that licensing authorities, the police, the Home Office (Immigration

Enforcement) and other law enforcement agencies, which are responsible authorities, will use the review procedures effectively to deter such activities and crime. Where reviews arise and the licensing authority determines that the crime prevention objective is undermined through the premises being used to further crimes, it is expected that revocation of the licence – even in the first instance – should be seriously considered.

### **Crime and Disorder Act 1998 Section 17**

Duty to consider crime and disorder implications.

(1) Without prejudice to any other obligation imposed on it, it shall be the duty of each authority to which this section applies to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent,

- (a) crime and disorder in its area (including anti-social and other behaviour adversely affecting
  - the local environment); and
  - (b) the misuse of drugs, alcohol and other substances in its area, and
  - (c) re-offending in its area
- (2) This section applies to each of the following—
  - .a local authority .....

**South Kesteven District Council statement of licensing policy (2021 – 2026)** also raises the following points that are deemed relevant to this application:

#### **4. Licensing Objectives**

##### **General**

4.1 Each of the four licensing objectives is of equal importance. The Licensing Authority considers the effective and responsible management of the premises and the instruction, training and supervision of staff and the adoption of best practice to be amongst the most essential control measures for the achievement of the licensing objectives. For this reason, these elements should be specifically considered and addressed within an applicant's operating schedule.

##### **4.3 The Prevention of Crime and Disorder**

In accordance with the Guidance, Police views on matters relating to crime and disorder will be given considerable weight. There are many steps an applicant may make to prevent crime and disorder. The Licensing Authority will look to the Police for the main source of advice on these matters. (those relevant to this application are below)

- Training given to staff in crime prevention
- Measures agreed with the Police to reduce crime and disorder. The development of good relations with local police officers is beneficial in preventing incidents occurring on your premises. If customers become accustomed to police officers making frequent checks, problem behaviour can be discouraged. Additionally, records kept of any crime or disorder incidents and where sales of alcohol have been refused will help the police and local authority monitoring.

6.9 The sale of alcohol to children and young people under the relevant age is a criminal offence, often resulting in harm to the child or young person concerned, along with disturbance and nuisance to local residents and businesses. Applicants are required to detail adequate control measures in their operating schedules to prevent under age sales to children and young persons.

This representation is made to offer evidence in relation to the new premises licence application for 'Ramin Off Licence' 10 Wharf Road, Grantham NG31 SBA by a Mr Ramyar Salih.

The premises previously held a premises licence granted by South Kesteven District Council (licence number 34386) for its operation as an off licence called 'Max off Licence'. The licence authorised sale of alcohol for consumption off the premises between the hours of 07:00 and 22:00 Monday to Sunday. The premise licence holder (PLH) and designated premises supervisor (DPS) was a Mr Ahmed Noori Ahmed.

In May 2023 Lincolnshire Police submitted a premises licence review based on the licensing objectives of the prevention of crime and disorder, public safety and the protection of children from harm being undermined. The review outlined two occasions where alcohol had been sold to children (an offence under s.146 Licensing Act 2003), and upon inspection, the premises was found in breach of numerous conditions set out in the premises licence (an offence under s.136 Licensing Act 2003) and selling alcohol without price markings (an offence contrary to s.4 of the Price Marking Order 2004).

A hearing was held on the 16<sup>th</sup> June 2023 and the committee made the decision to revoke the premise licence. An appeal was lodged requesting the sub-committee consider overturning their original decision to revoke, however in October 2023 the committee decided to stand by their initial decision to revoke the premises licence. (see appendix 1 for decision notice). Whilst waiting for the appeal to be heard in court, during May 2024 the appellant withdraw their appeal so the licence was no longer held.

On the 14<sup>th</sup> October 2024 Lincolnshire Police received a new premises licence application for 'Ramin Off Licence'. The applicant Mr Salih applied for sale of alcohol for consumption off the premises between the hours of 09:00 and 22:00 Monday to Sunday. Mr Salih had applied for role of DPS. The application makes reference to Mr Salih being aware that the licence had previously been revoked, having no connection to the previous operation and the intention of running a 'much tighter operation'.

Background checks were made by Lincolnshire Police on Mr Salih and his new business to satisfy that this was indeed an unconnected applicant to the previous PLH and Mr Salih would be a responsible PLH/DPS.

SKDC confirmed on the 29<sup>th</sup> October 2024 that the Business Rates for 10 Wharf Road Grantham were still registered to Mr Ahmed Noori Ahmed and Mr Salih had not made any attempt to register in his name. (see appendix 2 - Statement of Pc Braithwaite).

On the 29<sup>th</sup> October 2024 Pc Braithwaite made contact with Mr Salih. A meeting was requested and he was asked to bring along as much documentation as possible that would prove he had full control over the business.

On the 4<sup>th</sup> November Pc Braithwaite and Sgt Adams met with Mr Salih at 10 Wharf Road Grantham. Mr Salih could not satisfy officers that there was a distinct separation in business operations. The only piece of documentation that Mr Salih was able to provide was a lease for the building which stated that it had ran from the 27<sup>th</sup> August 2024, but was only dated from the date of the visit. Mr Salih was not able to show any paperwork to evidence the purchase of the business, nor was he able to produce any other documentation in relation to the running of the business that a responsible, legitimate business owner should be able to provide. He actually stated that he did not know who his utility companies were and admitted he had made no efforts to change them over from the previous tenant. The only invoice Mr Salih could produce was a stock purchase with a wholesaler under the account name and number of the previous licence holder.

Mr Salih did not pose as a responsible or trustworthy business owner / PLH. When asked if he had operated as a PLH / DPS previously, he blatantly lied, claiming he had been a DPS for an

Off Licence in Manchester in 2023, which was later disproved. (see appendix 2 statement of Pc Braithwaite).

It was noted during the meeting that there was a large amount of equipment used to smoke illegal drugs on sale within the shop, known as 'bong's' and 'crack pipes'. There were also many bottles of 'Poppers' for sale which contain a drug called Alkyl Nitrite. These are commonly inhaled as a recreational drug to provide intoxicating effects and can be dangerous. Whilst having these products on sale may not break the law, it was highlighted the fact they were on sale would attract a certain type of customer and potentially draw in children. Mr Salih did not seem to understand this connection and simply said he didn't understand the issue because they were legal to sell. Given the history of the shop, and the extra caution that ought to have been applied, this was a concern.

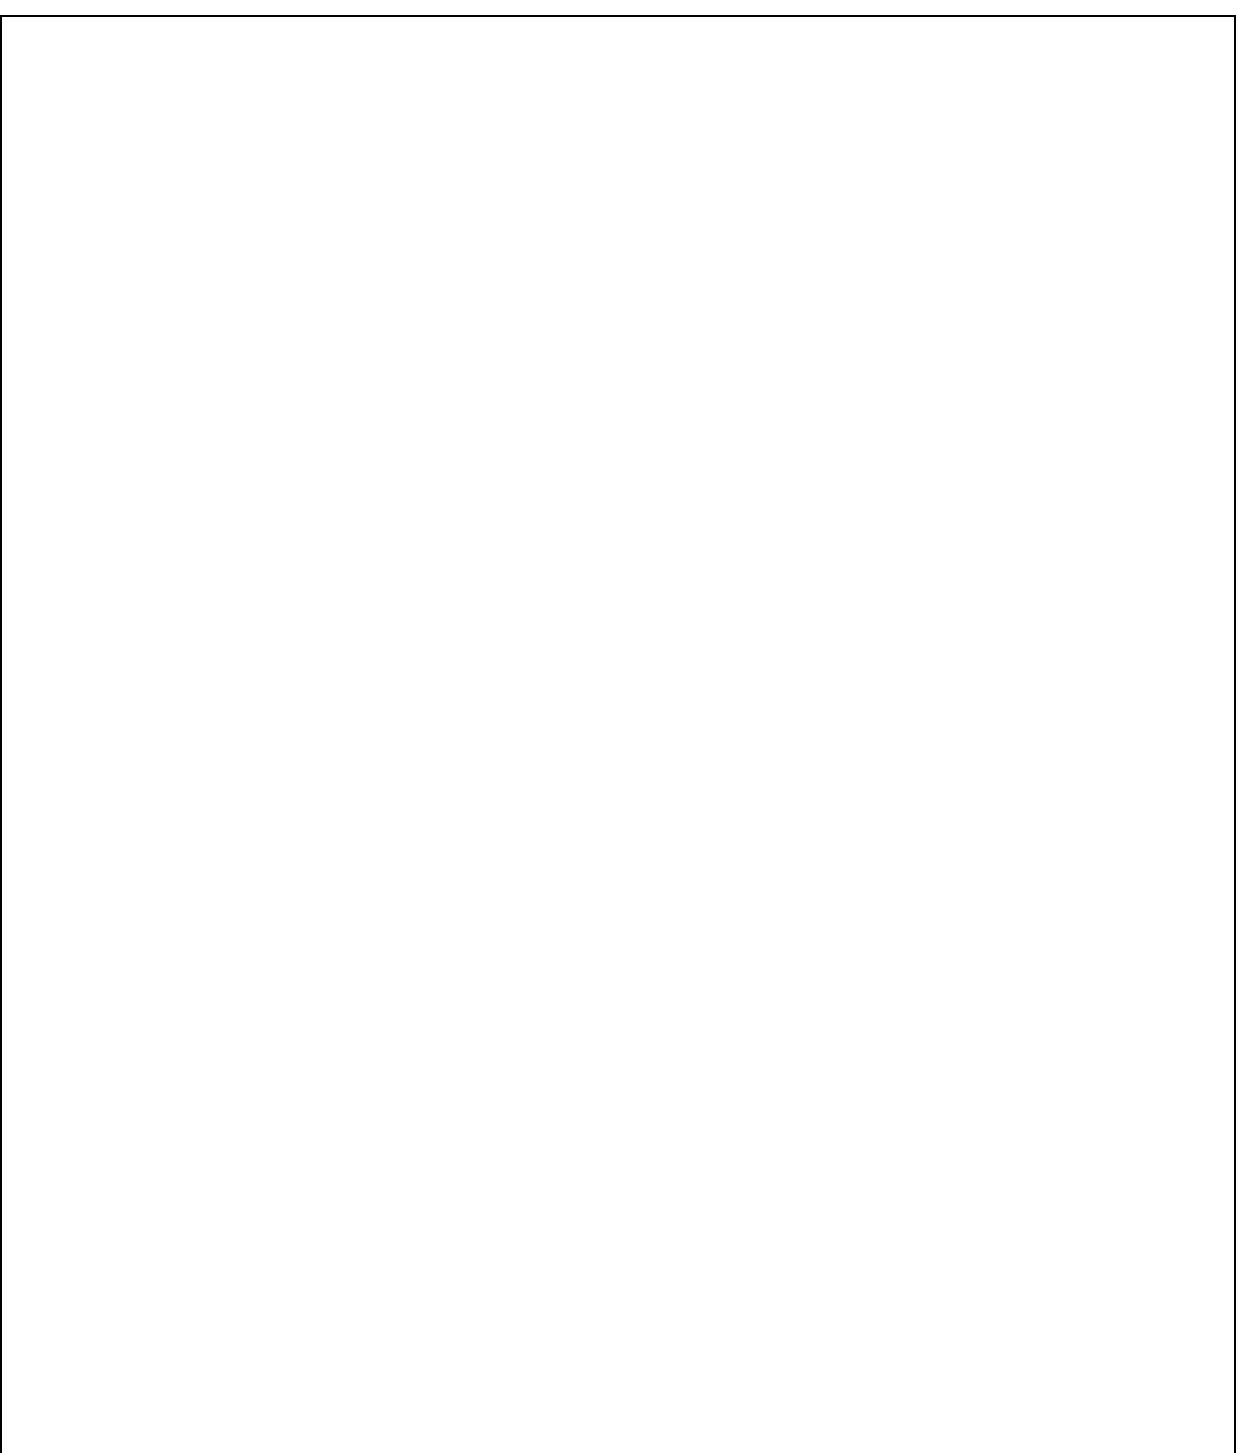

On the 5<sup>th</sup> November Pc Braithwaite made contact with Mr Salih by email. He was asked details regarding the tobacco track and trace scheme and if he had registered for it. He was also asked further information about his utility companies. None of these questions were answered at all. Mr Salih only chose to respond to the part of the email requesting information about what insurances he had taken out. He provided evidence that an insurance scheme had been taken out that same day and claimed it was for public liability. It would seem that he has no employer's liability insurance in place which is a legal requirement.

Lincolnshire Police cannot be confident that the previous PLH Mr Ahmed or any other person in fact, is not behind this new premise licence application.

Given the premises' poor history, in conjunction with the local issues that surround the shops in that particular area of Grantham town centre persistently selling illegal vapes and cigarettes to the public and underage sales to children, Lincolnshire Police must be genuinely satisfied that this particular premises will be run responsibly and legally.

Lincolnshire police strongly believe that if the premises licence is granted, the licensing objectives could be undermined.

Lincolnshire Police request that the committee seriously consider rejecting the premises licence application.

If possible, please suggest alterations to the application that would resolve the problem mentioned above, again paying attention to the **Licensing Objectives:**

## Licensing

Dear Mr Ahmed,

### Alcohol and Entertainment Licensing Committee Hearing Decision Premises Max Off Licence, 10 Wharf Road, Grantham, NG31 6BA

I refer to the review application you made against Max Off Licence and the subsequent committee hearing. I enclose a copy of the Committee's decision. The minutes of the meeting will follow in due course.

#### **Decision:**

The committee accepted all the facts set out in the report and appendices and representations made today and consider that continuation of the licence would seriously prejudice the licensing objectives of the protection of children from harm and prevention of crime and disorder and public safety.

There have been two under age sales which under section 147A of the Licensing Act 2003 are classed as persistently selling alcohol to children. Extremely serious matters. There has also been breach of licence conditions, not keeping accurate record, training records, refusals list, issues with labelling, alcohol which was seized by the police.

The committee consider the cause of the problems is incompetence, and in particular, not undertaking due diligence on those who appear to be under the age of 18. Failing to operate a responsible policy.

The committee have no confidence in the licensing objectives being upheld.

The committee has taken a stepped and proportionate approach and considered all sanctions available and in the light of this the committee have decided to revoke the licence.

There is a right of appeal against the Committee's decision to a Magistrate's court within 21

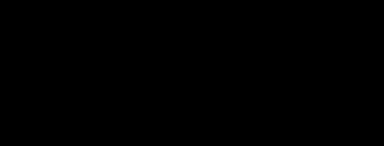

days from the date of this notification. The address to appeal against a decision is:

I am the above named person employed as a Police Constable within Lincolnshire Police. I currently work in the Alcohol Licensing Team and predominantly cover the North and South Kesteven District areas of the county.

I make this statement in relation to a new premises licence application for 'Ramin Off Licence' 10 Wharf Road, Grantham, made on behalf of a Mr Ramar Salih that Lincolnshire Police received on the 14<sup>th</sup> October 2024. Mr Salih had named himself as the premises licence holder (PLH) and proposed designated premises supervisor (DPS).

The premises had its previous premises licence revoked in 2023 and it is standard practice to undertake enquiries into any new applicant of a premises where there has been a revocation in the past, to ensure there are no connections to the previous PLH.

On the 29<sup>th</sup> October 2024 I made enquiries with South Kesteven District Council regarding who was paying the business rates for 10 Wharf Road, Grantham. The response I received confirmed that Mr Ahmed Noori Ahmed, who held the premises licence when it was revoked was still registered for Business Rates and had been since 1<sup>st</sup> May 2020, and there had been no attempt to register these in Mr Salih's name.

On the 29<sup>th</sup> October 2024 I sent a text message to Mr Salih requesting to meet him. I specifically asked that he brought with him any documentation that would prove he had full control of the business. He had made it clear within his application that he had no connection to the previous operation and knew that

the previous licence had been revoked. Mr Salih stated he was experienced in the licensing industry and would be operating in what he described as a 'much tighter operation'.

On the 4<sup>th</sup> November a meeting took place between myself, Sgt Amy Adams and Mr Salih at 10 Wharf Road. The documentation Mr Salih produced along with the answers he provided to our questioning was very disappointing. The shop was open for business selling a small amount of groceries, tobacco, vapes and drug smoking paraphernalia.

Mr Salih stated that he had bought the business from Mr Ahmed in August 2024. He showed us a lease for the building commencing on the 27<sup>th</sup> August 2024 but interestingly this document had only been signed and dated on the 4<sup>th</sup> November 2024.

When asked for evidence of how he paid his rent, Mr Salih stated Mr Ahmed was paying the rent until December 2024. He stated this was an agreement due to the premises not generating a lot of revenue due to not currently having a premise licence. Mr Salih could not provide any written evidence of this.

When asked how much he had paid for the business, Mr Salih stated he hadn't paid for the business as such but instead agreed to pay off a £20,000 loan that Mr Ahmed owed the card machine company 'Dojo'. This seemed particularly odd. Mr Salih was unable to evidence this agreement with either Mr Salih or the company 'Dojo'. He also stated that he had not begun paying this debt yet due to his present low takings.

When asked for evidence of how he paid the utility bills for the business he stated he hadn't paid any yet, and had not received any of these bills yet. He did not know who provided these services.

When asked how waste for the business was removed and paid for, Mr Salih did not know anything about this at all.

A number of unopened envelopes were discovered within the shop either addressed to Mr Ahmed or 'Max Off Licence' which again seemed strange if the business had been transferred correctly.

When asked how he purchased his stock, he stated he used Bookers and G4F Cash and Carry. When asked for stock invoices, Mr Salih showed us an invoice from Bookers dated 19<sup>th</sup> September 2024 for

various tobacco products. The invoice was in the customer account of 'Max Off Licence – Mr Ahmed'. When questioned why this was the case, he stated 'a friend' had purchased the items on his (Mr Salih's) behalf using the old account. This is assumingly due to Mr Salih not registering for the track and trace system that is in place for the regulation of the sale of tobacco products. Again, this highlights irresponsible business management.

A further invoice from Arrow Wholesale was produced showing a large purchase of vapes on the 19<sup>th</sup> August 2024 in the account of 'Max Off Licence'. Again, Mr Salih stated a 'friend' had made the purchase in the old account name and they had split the vapes between them as he didn't need that amount. This practice could again be questioned.

The meeting went on to discuss Mr Salih's previous experience in the licensing trade. He stated he had worked in one licensed shop in Manchester as a worker before and been DPS in another last year. He provided the address as 2 Church Road, Manchester, M22 4FY. He stated he had never been PLH for any other premises previously.

To satisfy myself Mr Salih could demonstrate his knowledge and understanding around the Licensing Act 2003, I asked him what the four licensing objectives were. His response was 'What are they?' or words to that effect. He simply could not give me a response. I then had to list them to him, to which he just vaguely nodded along. I reminded him that was basic information that he should be able to provide, given that he was a personal licence holder himself and has had the relevant training.

When I discussed the new application with Mr Salih, he confirmed that somebody else had written it on his behalf, but he fully understood and agreed what was contained within it. I reminded him that those conditions proposed within the application would form his licence conditions and would have to be adhered to or they would be enforceable. When asked if he had an incident book, refusals book and training records ready to operate, he presented an empty refusals book. He gave the impression that this would suffice. When explained that this was *just* a refusal book, he seemed vague, and I had to make it clear that separate books and documentation would be required for training and incident reporting. Mr Salih stated that he intended to complete all training with staff in respect of the Challenge 25 policy, but his lack of understanding did not provide any confidence that this would be either done or done to an acceptable standard. Despite already selling vapes, the refusal book which was located

behind the counter was completely empty and I would have expected there to have been entries to prove that age verification procedures were been followed.

It was noted that there was a large amount of equipment used to smoke illegal drugs on sale within the shop, known as 'bong's' and 'crack pipes'. There were also many bottles of 'Poppers' for sale which contain a drug called Alkyl Nitrite. These are commonly inhaled as a recreational drug to provide intoxicating effects and can be dangerous. Whilst having these products on sale may not break the law, it was highlighted the fact they were on sale would attract a certain type of customer and potentially draw in children. Mr Salih did not seem to understand this connection and simply said he didn't understand the issue because they were legal to sell. Given the history of the shop, and the extra caution that ought to be applied I found this worrying.

When looking through the premises licence application, it was clear that wording of certain conditions had been copied and pasted in from other premises licence applications and would be deemed irrelevant to an Off Licence type business. For example, the incident log condition talks of recording 'the ejection of patrons' and the 'seizure of drugs and offensive weapons' which are conditions suited to that of a on-sale premises.

On the 5<sup>th</sup> November 2024 I made contact with Mr Salih by email. He was asked details regarding the tobacco track and trace scheme and if he had registered for it. He was also asked further information about his utility companies. None of these questions were answered at all. Mr Salih only chose to respond to the part of the email requesting information about what insurances he had taken out. He provided evidence that an insurance scheme had been taken out that same day and claimed it was for public liability. It would seem that he has no employers liability insurance in place which is a legal requirement when employing staff.

In summary, despite acknowledging the history around the previous licence and citing having no connecting to the past operator of the business, Mr Salih failed to evidence this to a satisfactory level. If he were indeed a completely new operator running a 'much tighter operation' as he talks of within his application, all the requirements expected of a business should have been addressed. In the very least this highlights poor business management and I question his ability to run a responsible business selling alcohol.

Following the meeting on the 4<sup>th</sup> November 2024, I made enquiries with the Licensing Team for Greater Manchester Police (GMP). The local Licensing Officer confirmed that Mr Salih had never held the role of DPS at the licensed shop he had provided details for - 2 Church Road, Manchester, M22 4FY, nor had he ever been a DPS within the GMP area. This proves that Mr Salih had quite clearly lied during the meeting with us and raises suspicion around the truth of any of the other information he has provided to the Police.

The street and locality in which 10 Wharf Road is situated is notorious for criminality within its shops. The Police and Trading Standards in the past have experienced many failed underage test purchases, closures, prosecutions and revocations of premises licences due to the sale of illegal tobacco, cigarettes and vapes. For this reason, it is vital a trustworthy and responsible PLH/DPS is in place at 10 Wharf Road should a premise licence be granted. I do not feel Mr Salih can satisfy me that he will be either of these.

### 8. Minutes of the meeting held on 26 July 2024

Minutes of the meeting held on 26 July 2024 were proposed, seconded and **AGREED**.

**9. Licensing Act 2003: Application for a New Premise Licence - Ramin Off Licence, 10 Wharf Road, Grantham, Lincolnshire, NG31 6BA.**

The Legal Advisor informed the Committee that a request had been received the previous afternoon from solicitors that had only just been appointed by the applicant for the Premises Licence requesting that the hearing was postponed to be heard within the next two weeks. The Legal Advisor stated that the hearing could be deferred and referred to the legislation within the Human Rights Act which stated that the applicant had a right to be heard. It was for the Committee to decide whether or not they wished to defer the meeting following the request received.

One Member asked when the applicant for the premise licence had been notified of the date of the meeting. It was stated that the applicant's previous agent had been notified on 15 November 2024. However, they had notified the Licensing Team on 2 December 2024 that they were no longer acting on behalf of the premise licence applicant and they had advised him to withdraw his application. The applicant for the premise licence had been contacted on 2 December and he had indicated that he was not sure whether or not he would be attending. Nothing further had been heard until the newly appointed solicitors had contacted the Licensing Team late on Thursday 5 December 2024 requesting more time.

Further questions were asked in relation to deferring the hearing and when a new meeting would be held and the legislation around Human Rights.

It was proposed and seconded that the meeting be deferred, however, this proposal fell.

Further discussion followed with the Legal Advisor reading out relevant extracts from the Human Rights Act. It was stated that if the meeting went ahead, any decision made would be appealable to the Magistrates Court.

It was proposed, seconded and **AGREED** to continue with the hearing in the absence of the applicant for the premise licence.

The Legal Advisor introduced those present and confirmed who was present from Lincolnshire Police, Sergeant Adams and PC Braithwaite.

The Licensing Officer presented the report which concerned a new premise licence for the premise at 10 Wharf Road, Grantham to be known as Ramin Off Licence.

The premise had previously benefitted from an alcohol licence under the name "Max Off Licence" from 11/04/2019 to 30/05/2024. The licence was revoked by the Alcohol, Entertainment and Late Night Refreshment Licensing Committee at the meeting on 16 June 2023 following a review submitted by the Police. The review included evidence of several instances of underage sales and non-compliance of licensing conditions. The Committee concluded that the Licence

holder was unable to prove they were an appropriate person to hold such a licence. The applicant appealed the decision which allowed them to continue licensable activities whilst in the appeal stages. The appeal was subsequently withdrawn via a consent order, and therefore the revocation of the premise licence took effect on 30 May 2024.

On 11 October 2024 an application was received by the Licensing Team for a new premise licence at the location. The application was submitted by an agent on behalf of an individual that was stated to have no connection to the old operation of the premises and was experienced in the off-sale industry.

The application was processed and forwarded to all the responsible authorities as required by the Licensing Act 2003. Statutory consultation was undertaken and only one representation was received from Lincolnshire Police. The representation included the following points:

- Concern regarding the previous premises licence holder still having a connection with the running of the premises and not the new applicant
- Concerns over items for sale within the shop such as drug paraphernalia and equipment
- The applicants previous experience of running a licensed premises:
  - Lack of understanding of the licensing objectives
  - Lack of understanding regarding the operating procedures that they offered in the application
  - Their lack of understanding and knowledge of the roles and responsibilities that come with being a Premises Licence Holder and Designated Premises Supervisor, including required employer checks and business management.

The Licensing Officer then referred to the revised guidance issued under section 182 of the Licensing Act 2003 which stated:

*9.9 It is recommended that, in border line cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.*

It was not felt that the representation submitted by Lincolnshire Police fell within the delegated authority. Where relevant representations are made, the authority must:

- Hold a hearing to consider them, unless the authority, the applicant and each person who has made such representation agree that a hearing is unnecessary, and
- Having regard to the representations, take such steps mentioned below (if any) as it considers necessary for the promotion of the licensing objectives.

- The steps are:
  - Grant the application subject to conditions that are consistent with the operating schedule modified to the extent that the committee considered appropriate for the promotion of the licensing objectives and any mandatory conditions that must be included under the Licensing Act 2003.
  - Exclude from the scope of the licence a licensable activity to which the application relates.
  - Refuse to specify a person in the licence as a Premises Supervisor (DPS)
  - Reject the whole or part of the application

The Police then gave their representation. They expressed concern with the proposed Premises License Holder, Mr Ramyar Salih and possible connections with the previous Premise Licence holder and made reference to both Section 146 (Sale of alcohol to children) and Section 136 (Unauthorised Licensable activities) of the Licensing Act 2003 in respect of the premises.

Although Mr Salih had stated that there were no connection further background checks had been carried out in respect of the premise. The Police had requested a meeting with the applicant (Mr Salih) where he was asked to provide as many documents as possible which showed that he had full control of the business. Although the applicant attended the meeting and stated that he leased the premise in August 2024 he could not produce evidence to support this, he did produce a lease but it was only signed by himself, he did not know who the utilities were with for the premise, two invoices for stock were still in the name of the previous licence for "Max Off-Licence" since August 2024. The applicant had not registered for the Tobacco Track and Trace system and although the lease was signed by himself it only appeared to be witnessed on 4 November 2024 the date of the meeting. Further checks with the leasing agents confirmed that the lease had yet to be finalised and that the previous tenant of the premise was still paying the rent up to October 2024. Member attention was drawn to the supplementary papers circulated with had information from Companies House in respect of the premises. Police had concerns about the legitimacy of the business and asked Mr Salih about previous experience he had as a Premises Licence Holder or a DPS. He replied that he was a DPS at an off-licence in Manchester in 2023, however on checking this information it was found to be incorrect. At the same meeting requests were made to see the relevant insurance and the documents provided showed that the policy had only been taken out on the date of the meeting for public liability.

The Police expressed their concern about the applicant who did not appear to know how the premise should be run, especially given its previous history and the fact that certain products were being sold, that although were not illegal they were a major concern given the history of the premise. They asked that the Committee seriously considered rejecting the Premises Licence.

The Police then answered the Committees questions in respect of the date of the visit and gave their closing statement.

Members attention was drawn to Section 9 of the Revised 182 Guidance in determining actions that are appropriate for the promotion of the licensing objectives. Paragraph 9.43 stated:

*“The authority’s determination should be evidence-based, justified as being appropriate for the promotion of the licensing objectives and proportionate to what it is intended to achieve.”*

The Police were concerned that the applicant did not have full control of the business, there did not appear to be any evidence that it had been bought legitimately, the business rates had not been changed from the previous applicant. The applicant did not appear to know what his responsibilities were in respect of the Licensing Act 2003 and the promotion of the licensing objectives. He did not appear to have knowledge in respect of having incident book, training books and adequate controls within the premise. The Police had little confidence that premise would be run in a way that would promote the licensing objectives.

The Licensing Officer then gave her closing statement and stated that the Committee needed to give appropriate weight to:

- The steps that are appropriate to promote the licensing objectives.
- The representation (including supporting information) presented by the parties.
- The guidance issued under Section 182 of the Licensing Act 2003.
- South Kesteven District Council’s Licensing Policy.

The Licensing Officer then referred to the guidance issued under Section 182 at 9.37:

*“As a matter of practice, Licensing authorities should seek to focus the hearing on the steps considered appropriate to promote the particular licensing objective or objectives that have given rise to the specific representation and avoid straying into undisputed areas. A responsible authority or other person may choose to rely on their written representation.*

*They may not add further representation to those disclosed to the applicant prior to the hearing, but they may expand on their existing representation and should be allowed sufficient time to do so, within reasonable and practical time limits.”*

*(10:45 the Licensing Officers and the Police left the meeting)*

Members discussed the application before them having regard to the report, appendices, late papers submitted by the Police, the Revised Statutory Guidance and Regulations, the Council’s Statement of Licensing Policy and the Councillor Handbook on Licensing. Members were very concerned with the lack of evidence put forward by the applicant in respect of the premise in their meeting with the Police. From the information put forward it appeared that they failed to fully understand their responsibilities under the Licensing Act 2003 and the

promotion of the Licensing Objectives. There appeared to have been no attempt to become part of the Tobacco Track and Trace System, the information given to the Police about previous experience appeared to be false and no due diligence appeared to have been undertaken especially as the premises had a history of involvement of the sale and supply of alcohol to children. The applicant had not demonstrated that the previous licence holder did not still have some involvement in the premises. Members were very concerned that the licensing objectives would not be promoted and praise was given to the Police for the work that they had invested in the application. After further discussion it was proposed, seconded and unanimously agreed to reject the application for a premise licence for Ramin Off-Licence, 10 Wharf Road, Grantham.

*(10:52 The Licensing Officers and Police returned to the meeting)*

The Legal Advisor read out the Committee's decision.

The Committee had considered the report and appendices, late papers from the police, submissions made to it together with the Licensing Act 2003, Revised Statutory Guidance and Regulations, the Council's Statement of Licensing Policy and Councillor Handbook on Licensing. They had particular regard to the promotion of the four licensing objectives:

1. The Prevention of Crime and Disorder;
2. Public Safety;
3. Prevention of Public Nuisance; and
4. The Protection of Children from Harm

The decision of the Committee was:

**Decision**

***That the application for a new premises licence in respect of Ramin Off Licence, 10 Wharf Road Grantham NG31 6BA be refused.***

**Reasons for the decision**

Each application must be considered on its own merit. The Committee had carefully considered all of the evidence before them including verbal representation from the Police with particular regard to all four licensing objectives.

It is for the applicant to demonstrate that their application for a premises licence would not undermine any of the four licensing objectives.

The committee noted that the applicant was aware that the previous premises licence was revoked. These premises have a history of involvement of sale and supply of alcohol to children with serious consequences. The applicant had not demonstrated that the previous licence holder, did not have any involvement in the premises. The applicant had not been able to provide sufficient documentation in relation to the running of the business. The applicant had failed to supply the Police with information regarding tobacco track and trace scheme, utility companies and insurance and appeared to have no awareness of legal responsibilities in relation to employers' liability insurance.

The Committee had concerns regarding the items for sale in the premises such as drug paraphernalia and equipment. The committee noted that these products are legal to sell but it was concerned, that given the history of these premises, the applicant didn't apply caution to what is for sale at these premises.

From evidence before the Committee, it was not satisfied that the Applicant is a responsible trustworthy person, particularly in view of false information supplied to the Police in relation to experience as a Premises Licence Holder and Designated Premises Supervisor. The Committee were concerned with lack of experience of running a licensed premises in relation to the understanding of the licensing objectives and knowledge of the roles and responsibilities that come with being a Premises Licence Holder and Designated Premises Supervisor, including required employer checks and business management. Also lack of understanding regarding operating procedures that are offered in the application.

The Committee was not satisfied with the application and was of the view that the Applicant had failed to successfully demonstrate that his application for a premises licence would not undermine any of the four licensing objectives.

There was a right of appeal to the Magistrates Court.

Any party to the decision or anyone who had made a relevant representation including a responsible authority or interested party in relation to the application may appeal to the Magistrates' Court within 21 days of written notification of the decision.

**10. Any other business which the Chairman, by reason of special circumstances, decides is urgent.**

None.

**11. Close of meeting**

The meeting closed at 10:55.
