1. Implications

Taking into consideration implications relating to finance and procurement, legal and governance, risk and mitigation, health and safety, diversity and inclusion, safeguarding, staffing, community safety, mental health and wellbeing and the impact on the Council's declaration of a climate change emergency, the following implications have been identified:

Finance and Procurement

- 1.1 Depending upon the complexity, nature or volume of complaints received, it may be necessary to commission external support to undertake assessments or investigations on the Monitoring Officer's behalf. This would incur further costs to the Council.
- 1.2 Since the last report 3 complaints have been referred for formal investigation incurring external costs of £5,250 for 2 of the complaints. We are currently awaiting final costs for the third complaint.

Completed by: David Scott – Assistant Director of Finance and Deputy S151 Officer.

Legal and Governance

- 1.3 The Council is required to promote and maintain high standards of conduct by Members under the Localism Act 2011. Under section 28 of the Localism Act 2011, the Council must have in place a Code of Conduct for Members and a procedure in place for investigating and determining allegations that a Member has failed to comply with the Code of Conduct. In carrying out these functions the Monitoring Officer must consult the Council's Independent Person where required.
- 1.4 This report is presented for information and assurance only.
